

Experiencing Pain, Instead of Payment?

Finding answers to the reimbursement challenges of our profession can be painful. But, you don't have to do it alone! As a WPTA member you have access to a Reimbursement Specialist, a Reimbursement Panel of Experts, and reimbursement tools and resources at www.wpta.org.

Do you have questions regarding...

- ✓ Strategies to improve payer relationships
- ✓ Documentation to support payment
- ✓ Compliant billing and documentation practices
- ✓ Coding practices
- ✓ Medicare and Medicaid regulations

Submit your questions or concerns to the WPTA Executive Director at the WPTA office, wpta@wpta.org. Your question will be forwarded to the Reimbursement Specialist and/or submitted to the Reimbursement Panel of Experts. The panel consists of WPTA members from a wide variety of practice settings who advise members on reimbursement issues, provide members with resources, and help educate the membership on the latest reimbursement trends and challenges. The WPTA website also provides answers to commonly asked reimbursement questions at www.wpta.org.

Membership has its benefits!
